Informacje o bezpieczeństwie

List of safety warnings for knives and blades based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): * Use knives and blades for their intended purpose. Improper use can lead to cuts. * Blades are sharp - take extra care during use and storage. * Keep knives and blades out of reach of children and unauthorized persons. * Always use appropriate personal protective equipment, such as gloves, to minimize the risk of injury. * Check the condition of the blades regularly. Blunt or damaged blades can be more dangerous. * Carefully replace the blades by following the manufacturer's instructions. * Never try to catch a falling knife or blade. * Do not use knives and blades if you are tired or under the influence of alcohol or drugs. * Make sure the workpiece is stable before cutting. * After use, secure the blades with a cover or hide in a secure container. * Do not carry knives and blades in your pocket or in a place where they can cause accidental cuts. * When working with knives and blades, keep a safe distance from others. * Do not use knives and blades for purposes other than those for which they are designed. * If the blade gets stuck, do not it by force. Try to gently release them or use the right tool. * Always clean the blades after use to remove material debris and prevent corrosion. * Warn others about the presence of sharp tools in the workplace. * Dispose of used blades safely, in accordance with local regulations. * Do not leave knives and blades in places where they can pose a threat to animals. * Before using knives and blades, make sure you know the rules for safe use.
