BEZPRZEWODOWA OPRAWA MEBLOWA CABINET BATTERY LED

Cena	78,00 zł
Numer katalogowy	ALP-17862611183
Kod producenta	SLI040041NW
Kod EAN	5902650532984

Opis produktu

Oprawa meblowa LED na BATERIE 6XAA. K. Czas pracy: do 7h ciągłego świecenia.

BATERIE NIE SĄ W ZESTAWIE

- Moc (W) - **2,9W**
- Strumień świetlny (lm) - **160lm**
- Temperatura barwowa (K) - **3600-4800(naturalna biała)**
- Kąt świecenia - **100°**
- Wymiary - **30cm x 5cm x 2.2cm**
- Materiał - **tworzywo sztuczne/ aluminium**
- Montaż natynkowy - **Tak**
- Kolor - **srebrny**
- Temperaturowy zakres pracy - **-20 do +40 °C**
- Cechy dodatkowe - **zasilacz w zestawie**
- Napięcie znamionowe - **1.5 V X 6**

Parametry produktu

- **Stan:** Nowy
- **Stan opakowania:** oryginalne
- **EAN (GTIN):** 5902650532984
- **Kod producenta:** SLI040041NW
- **Marka:** Spectrum LED
- **Rodzaj:** oprawa podszafkowa
- **Moc:** 2.9
- **Barwa światła:** biały neutralny
- **Napięcie (V):** inne
- **Długość:** 0.3
- **Rodzaj gwintu:** zintegrowane źródło LED
- **Klasa efektywności energetycznej:** F
- **Waga produktu z opakowaniem jednostkowym:** 2
- **Jasność:** 70
- **Klasa ochrony:** II

Informacje o bezpieczeństwie

List of safety warnings for furniture lighting based on the requirements of Regulation (EU) 2023/988 on general product safety (GPSR): 1. Risk of electric shock: Make sure that the electrical installation in the furniture is done in accordance with safety standards. Avoid touching wires or electrical components with wet hands. 2. Electrical overload: Do not exceed the maximum power of bulbs or other light sources recommended by the furniture manufacturer. 3. Fire risk: Use only light bulbs and light sources that are suitable for your type of furniture lighting and do not cover them with flammable materials. 4. Furniture stability: Make sure that the furniture with lighting is stable and will not tip over under the influence of weight or accidental deduction. 5. Overheating: Provide adequate ventilation around light sources to avoid overheating. 6. Child protection: Protect wires and electrical components from children's access to avoid electric shock or other accidents. 7. Assembly and Maintenance: Follow the installation and maintenance instructions provided by the furniture manufacturer. Regularly check the condition of wires and lighting elements. 8. Damage: Do not use furniture with damaged lighting or wires. Replace damaged components with new ones that meet the manufacturer's specifications. 9. Moisture: Avoid contact of furniture lighting with water or other liquids to prevent electric shock or damage. 10. Cleaning: Before cleaning furniture with lighting, disconnect it from power and use dry or slightly damp cloths.
