Informacje o bezpieczeństwie

List of safety warnings for laundry baskets and containers, based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): * Make sure that the laundry basket or container is stable and does not tip over under the influence of weight. * Check that the material from which the basket or container is made is resistant to moisture and is not easily damaged. * Avoid placing the basket or container in places with high humidity or close to heat sources to prevent mold and bacteria from growing. * If the basket or container has sharp edges or protruding elements, secure them to avoid accidental cuts. * Make sure the basket or container is easy to clean and disinfect. * Clean the basket or container regularly to prevent dirt and unpleasant odors from accumulating. * If the basket or container is used by children, make sure it is safe for them and does not pose a risk of suffocation or ingestion of small elements. * Do not overload the basket or container with excessive laundry to avoid damaging or tipping it over. * Pay attention to the manufacturer's instructions for maintaining and cleaning the bin or container. * Make sure the basket or container is properly ventilated to prevent moisture buildup and unpleasant odors.
