Parametry produktu

-
- **Stan:** Nowy
 - **EAN (GTIN):** 5905197141367
 - **Kod producenta:** ILTB-S411
 - **Marka:** Prosperplast
 - **Szerokość głowicy:** 80
 - **Długość narzędzia:** 127
 - **Rodzaj:** łopata śniegowa
 - **Materiał głowicy:** tworzywo sztuczne
 - **Waga narzędzia:** 3.03
 - **Wykończenie części roboczej:** ostre
 - **Waga produktu z opakowaniem jednostkowym:** 5

Informacje o bezpieczeństwie

List of blade and fork safety warnings based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): 1. Risk of personal injury: Be careful when using to avoid cuts with sharp edges of the shovel or forks. 2. Spinal injuries: Avoid overloading your spine when lifting heavy loads. Use the right lifting technique. 3. Eye protection: When working with gardening tools, especially when digging through the ground, wear safety glasses to prevent foreign bodies from getting into your eyes. 4. Stability: Make sure you stand steady while working to avoid falling and potential injury. 5. Weather conditions: Do not use tools during a storm, as metal tools can attract lightning. 6. Storage: Keep your tools safe, out of reach of children and pets to prevent accidental injuries. 7. Maintenance: Clean and maintain your tools regularly to ensure they are efficient and safe to use. 8. Bystanders: Make sure there are no other people around who could be injured while working. 9. Long-term use: During prolonged use, take regular breaks to avoid fatigue and loss of concentration. 10. Damage: Regularly inspect the tools for damage. Do not use damaged tools. 11. Protective clothing: Use appropriate protective clothing, including gloves, to minimize the risk of injury. 12. Work in the ground: Be careful when digging in the ground so as not to damage underground cables or pipes.

Informacje o bezpieczeństwie

List of glove safety warnings based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): 1. Make sure that the gloves you choose are suitable for your job and protect against specific hazards (e.g. cuts, punctures, chemicals, high temperature). 2. Check that the gloves are not damaged, rubbed or punctured before each use. Damaged gloves do not provide adequate protection. 3. Choose the right size of gloves. Too tight or too loose gloves can make it difficult to do the job and increase the risk of an accident. 4. When working with chemicals, check that the gloves are resistant to these substances. 5. After using the gloves, wash your hands with soap and water to remove any impurities. 6. Store gloves in a dry and clean place, away from heat sources and direct sunlight. 7. For reusable gloves, clean and disinfect them regularly according to the manufacturer's instructions. 8. If you notice any skin irritation, immediately stop using gloves and consult a doctor. 9. Disposable used gloves should be disposed of in appropriate waste containers. 10. Do not use gloves near moving parts of machinery if there is a risk of pulling in.
