Informacje o bezpieczeństwie

List of safety warnings for abrasives based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): 1. Risk of injury: * Always use appropriate personal protective equipment such as safety glasses, dust mask, gloves and hearing protectors. * Before use, check that the abrasive material is not damaged, cracked or deformed. Damaged abrasive material can break during operation, causing injury. * Make sure the abrasive material is properly fixed on the tool, according to the manufacturer's instructions. * Do not exceed the maximum permissible speed of the tool. * When grinding, avoid excessive pressure on the workpiece. 2. Risk of fire and explosion: * Do not use abrasives near flammable or explosive materials. Sparks that arise during grinding can cause a fire or explosion. * Ensure proper ventilation of the room to avoid the accumulation of flammable dust. 3. Health Risk: * Avoid inhaling dust generated during grinding. Dust can be harmful to the respiratory system. * After finishing work, wash your hands and face thoroughly. 4. Work safety: * Keep your workplace tidy. * Store abrasives in a dry and safe place, away from children. * Do not use abrasives for purposes incompatible with their intended purpose.
