- **Rozstaw szczęk:** 900
- **Wysokość szczęk:** 60
- **EAN (GTIN):** 5903755113900

Informacje o bezpieczeństwie

List of compression safety warnings based on the requirements of General Product Safety Regulation (GPSR) 2023/988: 1. Make sure that the compression is suitable for the job at hand to avoid damage or malfunction. 2. Check the compression before each use to make sure it is not damaged (e.g. cracks, distortions). 3. Use compressions according to the manufacturer's instructions. Do not exceed the recommended maximum load. 4. Always wear safety glasses when using squeezes to protect your eyes from chipping. 5. Make sure the compression is properly fixed and stable before starting work. 6. Do not use compressions in flammable or explosive environments. 7. Protect the clamps from moisture and extreme temperatures that can weaken the material. 8. Regularly clean the squeezes from dirt and grease to ensure they work properly and avoid slipping. 9. Store squeezes in a dry and safe place, out of reach of children. 10. Do not use damaged clamps. Replace them with new ones. 11. Avoid welding or modifying compressions, as this can weaken their structure. 12. Do not use the clamps as a lever or for other purposes for which they are not intended.
