- **Kod producenta:** SWKS-65
- **Marka:** Schmith
- **Seria:** SWKS-65
- **Zastosowanie:** beton
- **Średnica:** 65
- **Waga produktu z opakowaniem jednostkowym:** 0.74

Informacje o bezpieczeństwie

List of foraminifera safety warnings based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): 1. Risk of injury: * Use protective gloves when working with foraminifera. The blades are sharp and can cause cuts. * Be careful when replacing foraminifera. 2. Eye protection: * Always wear safety glasses when working with foraminifera. Shards and debris can get into the eyes and cause serious injury. 3. Work safety: * Before starting work, make sure that the hole saw is properly fixed in the drill holder. * Use only foraminifera suitable for the material you intend to drill. * Do not put excessive

pressure on the drill. Let the foraminifera work at the right speed. * Protect the workpiece from sliding. 4. Fire risk: * When drilling into flammable materials such as wood, there is a risk of fire. Use appropriate extinguishing agents near the workplace. * Avoid overheating the foraminifera. Refrigerate it regularly with the right coolant. 5. Suitable clothing: * Avoid wearing loose clothing, jewelry or long hair that could be pulled in by a drill or foraminifera. 6. Storage: * Store foraminifera in a safe place, out of reach of children. 7. Use as intended: * Use foraminifera only for their intended purpose. Do not use them for purposes for which they are not adapted. 8. Technical condition: * Regularly check the condition of foraminifera. Do not use damaged or worn foraminifera.
