Informacje o bezpieczeństwie

List of safety warnings for hand saws based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): 1. Risk of cuts: Always use protective gloves to protect your hands from cuts. Watch out for sharp saw teeth. 2. Risk of eye injuries: Always use safety glasses to protect your eyes from chipping wood or metal. 3. Risk of falling: Maintain a stable posture when cutting to avoid falling and injuries. 4. Crush Risk: Keep your hands away from the cutting line to avoid crushing your fingers. 5. Risk of dust inhalation: Dust is generated during cutting. Use a dust mask to protect your airways. 6. Risk of damage to the saw: Do not use the saw to cut materials for which it is not intended. Don't overload the saw. 7. Risk of material instability: Make sure the material being processed is stable and securely fastened. 8. Weather-related risks: Do not use the saw in rain or wet conditions to avoid corrosion and slipping. 9. Maintenance Risks: Before cleaning or maintaining, make sure your saw is safe and does not pose a hazard. 10. Storage Risk: Store your saw in a dry and safe place, away from children. Secure the saw teeth to avoid accidental cuts. 11. Risk to bystanders: Make sure there are no bystanders or animals nearby when working with a saw.
