Cena	44,89 zł
Numer katalogowy	ALP-18767378194
Kod producenta	2542056
Kod EAN	8718964180059

Opis produktu

Oferta dotyczy zestawu: 2 szt.

- 1 szt. — 2542056
- 1 szt. — 80bdcd8b-9760-4e86-9aa7-fd80d2860db7

Opis

- 8 różnych trybów strumienia
- Produkt wykonany z chromowanego tworzywa sztucznego
- Uniwersalne złącze

Główica prysznicowa zapewnia codzienny strumień, którego potrzebujesz. Do wyboru są następujące warianty: deszczowy, masaż, musujący, spryskiwacz, deszczowy z masażem, deszczowy z natryskiem, masaż musujący lub praktyczny tryb kąpienia (z możliwością ograniczenia użycia wody). Idealny do codziennego użytku i relaksu po ciężkim dniu. Przednia część z tworzywa sztucznego dłużej zachowuje piękny wygląd i jest łatwiejsza w czyszczeniu. W ten sposób szybko odmienisz swoją łazienkę i zapewnisz sobie większy komfort podczas brania prysznica.

Wymień łatwo i szybko stary wąż prysznicowy na elastyczny wąż ze stali nierdzewnej

- Ze stali nierdzewnej
- Nadaje się do prysznica lub wanny
- Uniwersalne złącze

Parametry produktu

- **Stan:** Nowy
- **Kod producenta:** 2542056

- **Linia:** cascata
- **Kolor:** inny kolor

-
- **Kształt:** okrągły
 - **Liczba funkcji:** więcej niż 5
 - **Kod taryfy celnej:** 84248970
 - **EAN (GTIN):** 8718964180059

Informacje o bezpieczeństwie

List of safety warnings for shower columns and sets based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): 1. Installation and installation: * Outsource assembly and installation to a qualified plumber to avoid incorrect connection and leaks. * Make sure the water pressure in the installation is in accordance with the manufacturer's recommendations. Too high pressure can damage the product. * Check the tightness of all connections after installation to prevent leaks and water damage. 2. Usage: * Adjust the water temperature before entering the shower to avoid burns. Take special care with children and the elderly. * Do not use aggressive cleaners to care for the surface of the column or shower set so as not to damage the coating. * Regularly check the condition of hoses and seals to prevent cracks and leaks. * Do not overload the shelves in the shower column to avoid mechanical damage and falling objects. 3. Safety: * Make sure the handles and fixings are stable and secure to avoid the shower column falling. * Don't let kids play with shower elements like headphones or nozzles to avoid injuries. * In case of product failure or damage, immediately discontinue use and contact the service. 4. Maintenance: * Regularly clean shower nozzles from limescale deposits to ensure proper water flow. * Lubricate silicone seals to maintain their flexibility and prevent leaks. * Perform periodic technical inspections to ensure that all components are working properly. 5. Environmental conditions: * Protect the shower column from frost to prevent the elements from cracking. * Avoid direct sunlight, which can cause discoloration and damage to surfaces. * Provide adequate ventilation in the bathroom to avoid excessive moisture, which can lead to corrosion.
