Informacje o bezpieczeństwie

List of wire brush safety warnings based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): * Use wire brushes for their intended purpose. Improper use can lead to damage or accidents. * Always wear safety glasses when using a wire brush. Metal splinters can damage your eyes. * Wear protective gloves to protect your hands from abrasions and cuts. * Check the condition of the wire brush before each use. Damaged brushes can be dangerous to use. * Avoid using wire brushes near flammable materials. Sparks can cause a fire. * Make sure the workpiece is stable before cleaning with a wire brush. * When working with a wire brush, follow the principle of "from each other" so that sparks and chips fly in a safe direction. * Do not use wire brushes to clean surfaces that may contain asbestos or other harmful substances. * Regularly clean the wire brush from accumulated debris to maintain its effectiveness and safety of use. * Dispose of used wire brushes in an appropriate manner, in accordance with local regulations.
