- **Rodzaj:** rotacyjna
- **Waga produktu z opakowaniem jednostkowym:** 3

- **Długość:** 336
- **EAN (GTIN):** 5901466172100

Informacje o bezpieczeństwie

List of safety warnings for washer accessories based on the requirements of General Product Safety Regulation (GPSR) 2023/988: 1. Make sure the fixture is compatible with your pressure washer to avoid damage to your device or injury. 2. Before connecting or disconnecting the fixture, always disconnect the washer from the power supply to prevent accidental start-up. 3. When replacing nozzles, lances or other components, make sure that they are properly fixed to avoid disconnecting them during operation. 4. Use only original accessories or those recommended by the manufacturer of the washer to ensure safe and effective operation. 5. Do not direct a high-pressure stream of water to humans, animals, or delicate surfaces to avoid injury or damage. 6. When working with a washer, always wear appropriate personal protective equipment such as safety glasses, gloves and anti-slip footwear. 7. Avoid using a washer near flammable or explosive materials. 8. Regularly check the condition of hoses, connectors and other components to detect any damage or wear. 9. Do not use damaged equipment, as this can lead to dangerous situations. 10. When storing the fixture, make sure it is clean and dry to prevent corrosion and prolong its service life. 11. If the fixture has moving parts, lubricate them regularly to ensure smooth operation and avoid blurring. 12. When using detergents or cleaning products, always follow the manufacturer’s instructions and use them in a well-ventilated area. 13. Remember to keep a safe distance from the cleaned surface to avoid reflection of the water stream. 14. Do not try to repair the equipment yourself, return it to service. 15. Keep your work area clean and well-lit to avoid tripping and falling.
