- **EAN (GTIN):** 5903755322333
- **Kod producenta:** 32233

Informacje o bezpieczeństwie

List of safety warnings for glass operation based on the requirements of Regulation (EU) 2023/988 on general product safety (GPSR): 1. Eye protection: Always use safety glasses when working with glass or glass processing tools. Fragments of glass can cause serious eye damage. 2. Hand protection: Use protective gloves to avoid cuts when manipulating glass. Glass, even small shards, can be sharp and cause deep wounds. 3. Stability: Make sure the glass is firmly supported before starting any work. Unstable windows can suddenly move and cause injury. 4. Tools: Use only tools designed for glass processing and make sure they are in good working condition. Damaged tools can lead to uncontrolled cracks in the glass. 5. Ventilation: Work in a well-ventilated area, especially when using chemicals to clean or glue windows. Vapours can be harmful to health. 6. Children and bystanders: Make sure that children and bystanders do not have access to the work area. Glass and tools can pose a serious threat to them. 7. Disposal: Dispose of glass waste safely, in accordance with local regulations. Sharp shards of glass pose a threat to those involved in waste disposal. 8. Warning: Do not use damaged tools or accessories, they may pose a threat. 9. Warning: Avoid working in a hurry, rushing increases the risk of making mistakes and accidents. 10. Warning: Do not overload the tools, use them according to the purpose and recommendations of the manufacturer.
