- **Kolor:** bezbarwny
- **Liczba sztuk:** 5
- **Wysokość produktu:** 3.6
- **Kod taryfy celnej:** 39269097
- **Zawiera baterie:** nie
- **EAN (GTIN):** 5904555949577

Informacje o bezpieczeństwie

List of safety warnings based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): * Installation and installation: * Make sure the safety features are properly installed and installed in accordance with the manufacturer's instructions. Incorrect installation can weaken their effectiveness. * Regular checking: * Regularly check the security status for damage, cracked or loose. If any damage is detected, replace the protection immediately. * Adjusting to your child's age: * Make sure the safety features are appropriate for your child's age and stage of development. Some safeguards may be ineffective for older children who are more clever and strong. * Keeping clean: * Clean your safety features regularly to prevent dirt and bacteria from accumulating. Use mild cleaners and avoid harsh chemicals. * Storage: * Keep security out of reach of children when not in use. Avoid storing them near heat or moisture sources. * Security warnings: * Security for cabinets and drawers: Regularly check that the latches are working properly and that children have not learned to open them. * Contact security: Make sure your contact security is properly aligned and difficult for children to remove. * Protective barriers: Regularly check that the barriers are stable and properly fastened. Make sure that the children do not try to climb them. * Angle protectors: Check that the angle protectors are securely attached and do not peel off. Replace them with new ones if needed. * Education: * Explain to children why you use security and what potential risks they minimize. Teach them

how to safely use a secure space. * Liability: * Please note that safeguards are only an additional precaution and do not replace adult supervision. Always keep an eye on your children and respond to potential threats. * Disposal: * Dispose of used or damaged safety features in an environmentally safe manner, in accordance with local regulations.
