 - **Marka:** Proline
 - **Liczba elementów w zestawie:** 18
 - **Waga produktu z opakowaniem jednostkowym:** 1
 - **Kod taryfy celnej:** 82060000
 - **EAN (GTIN):** 5903755468758

Informacje o bezpieczeństwie

List of safety warnings for toolkits based on the requirements of General Product Safety Regulation (EU) 2023/988 (GPSR): 1. Risk of cuts: * Beware of sharp edges of tools - they can cause cuts. * Tools that are damaged, rusted, or cracked can be dangerous to use. 2. Risk of eye injury: * Always wear safety glasses when working with tools. * Avoid chipping and dust that can get into your eyes. 3. Risk of fire or explosion: * Do not use tools near flammable or explosive materials. * Make sure your workplace is well ventilated. 4. Risk of electric shock: * Electrically powered tools should be used according to the instructions. * Avoid contact of tools with water or moisture. 5. Risk of suffocation: * Small parts of the toolkit, such as bolts, nuts or bits, can pose a threat to young children. * Keep the toolkit out of reach of children. 6. Risk of poisoning: * Some tools may be covered with chemicals. After contact with them, wash your hands. 7. Risk of mechanical injury: * Protect tools from falling from a height. * Use the tools as intended. 8. Other hazards: * Please refer to the user manual before using the tools. * Store your tools in a dry and safe place. * Regularly check the condition of your tools and replace damaged items. * Use only tools designed for specific tasks. * Once the job is done, clean and put the tools back in place.
